OUR SOLUTION

My optimized presence on Infobel and on the most influential platforms

Do you own or represent a certain number of businesses and /or points of sale that you would like to promote on the Internet? Presence Management is the best solution for you to guarantee an optimal, reinforced and structured presence on the Internet.

Using a single Application programming interface (API), you are able to publish, edit and put forward your listings and update or delete wrong information in real time.

By logging in with your ID, you can adapt and / or delete your information instantly and the modifications are displayed in real time.

Our added value

As partners of the most influential search engines, we relay and/or prioritize your listings on platforms such as Google, Bing, Yelp or Apple to guarantee your an optimal presence on the Internet.
